3. Distribution
4. Project Make up

Working Model | UX & Design Team

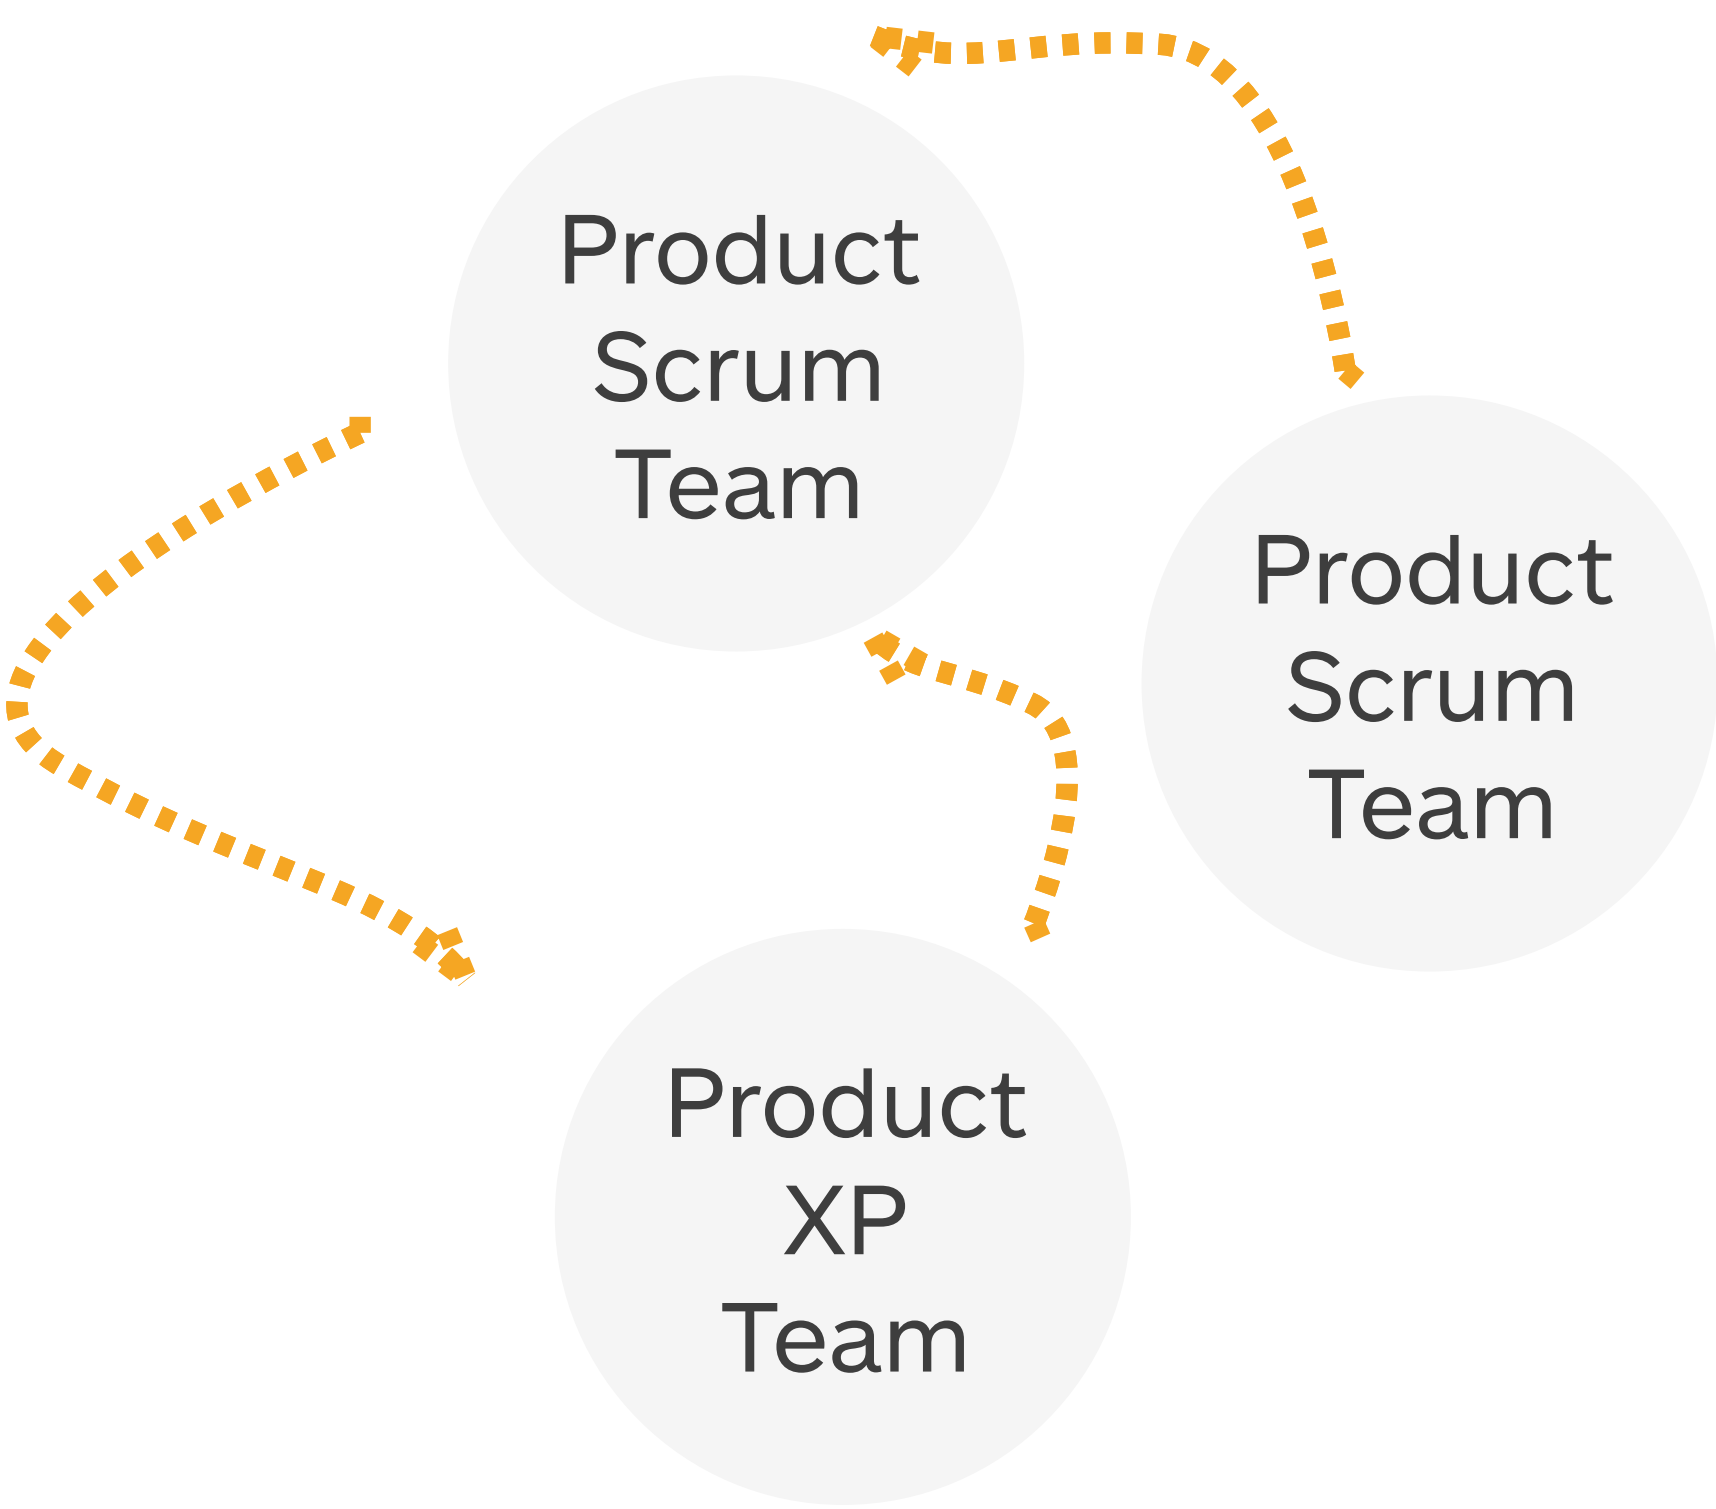

Stage 1 | Strategic Partnership

Stage 2 | Design Makes Strategy Concrete

Stage 3 | Design Supports Delightful Experience

Business Partners & Stakeholders

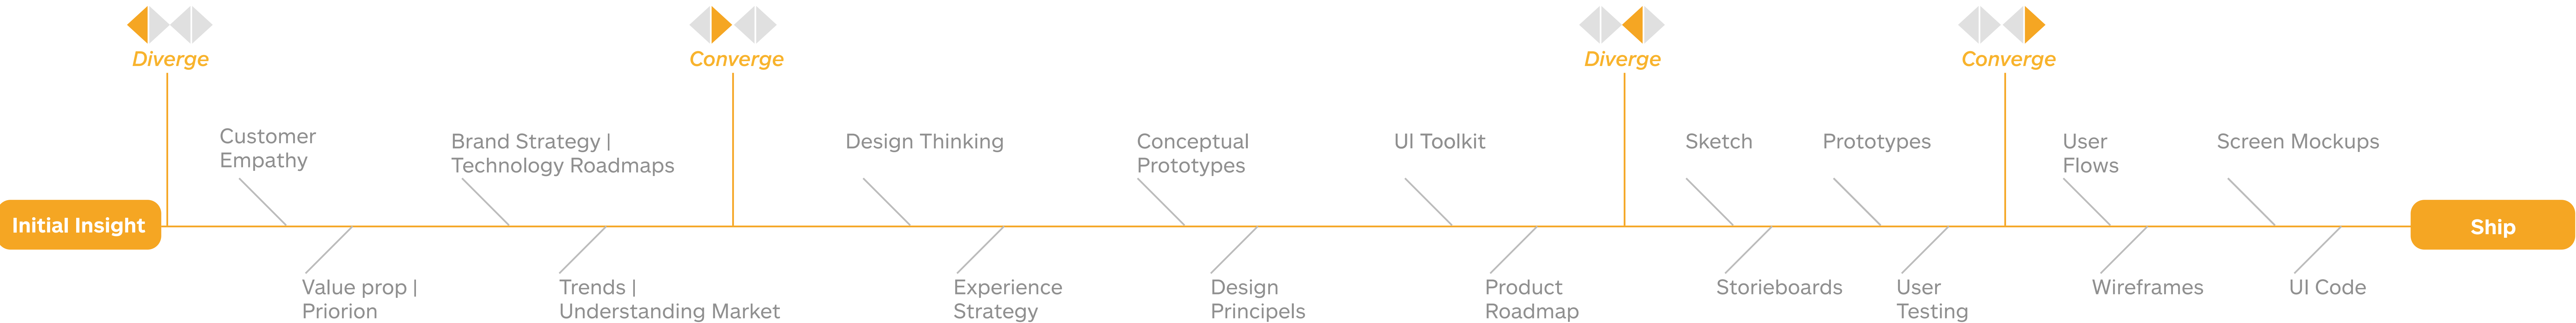

Discipline specific point of contact (POC) works with Portfolio Manager as single point of contact for AOR (i.e. UXA > Business; UIE > technology)

Core Team

Multidisciplinary team of User Experience & Design members supporting multiple Product Scrum/XP teams. Managers align and drive vision for Product Teams

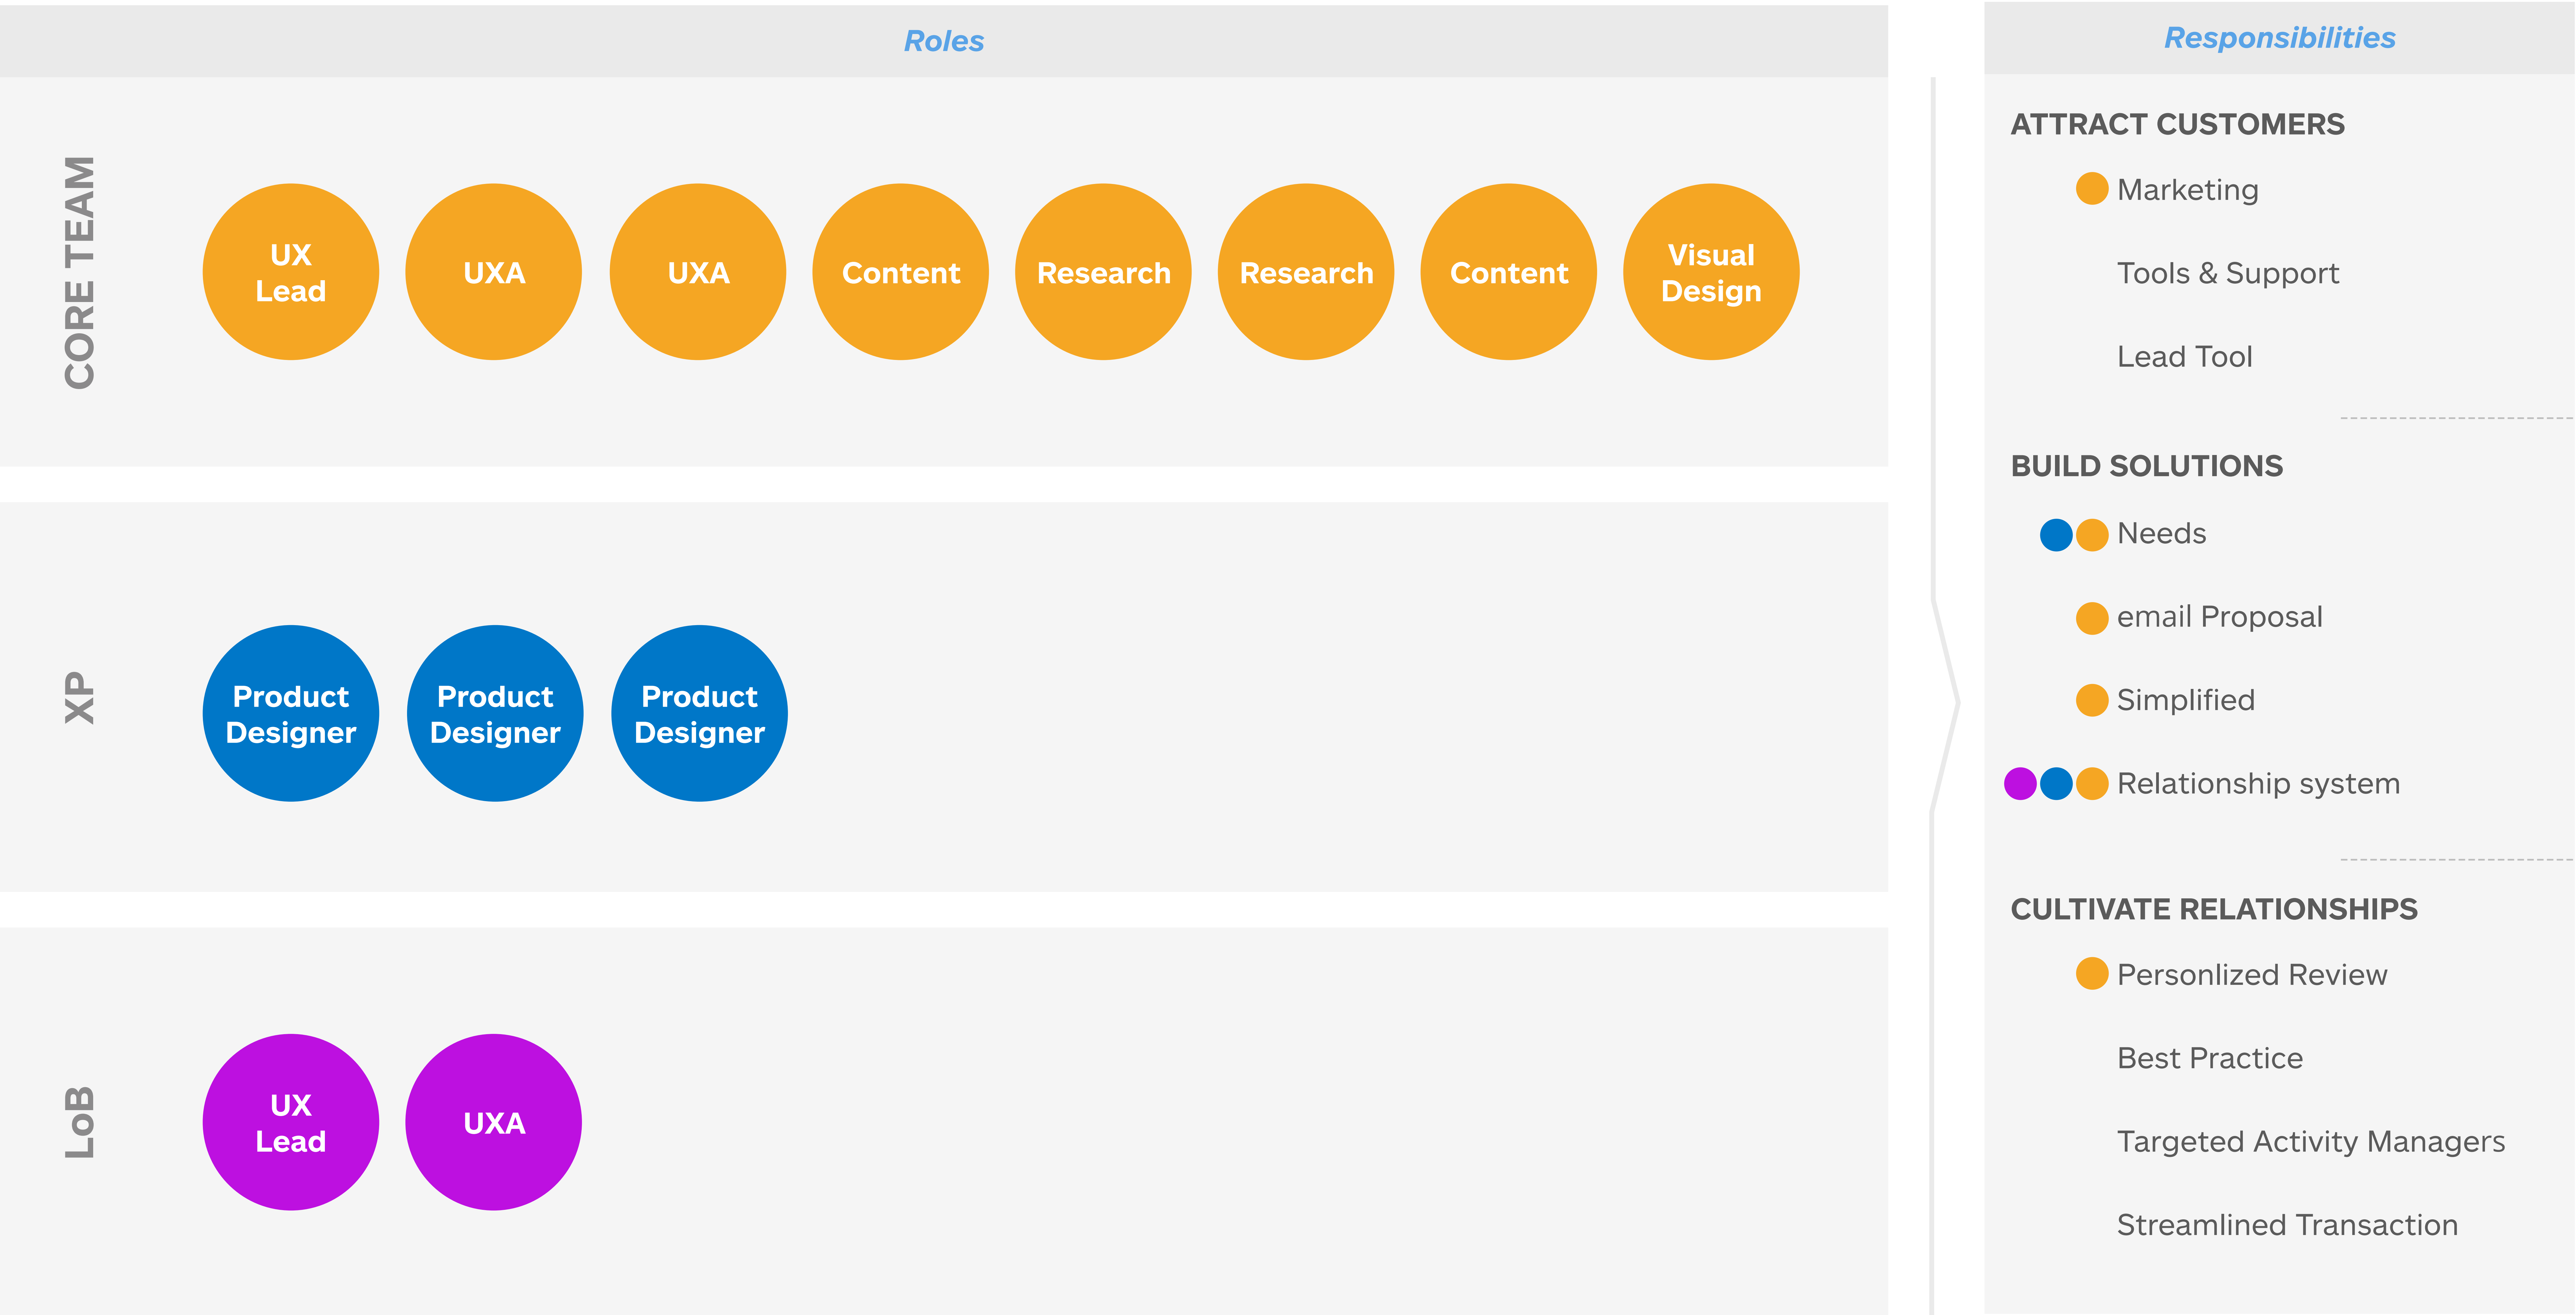

Product Teams

Scrum teams: Blended team of User Experience & Design members supporting two concurrent tracks.
XP teams: Each have two Product Designers.

Some or All content changed to protect confidentiality and propriety

Roles & Responsibilities

Team Make-up | UX & Design Team

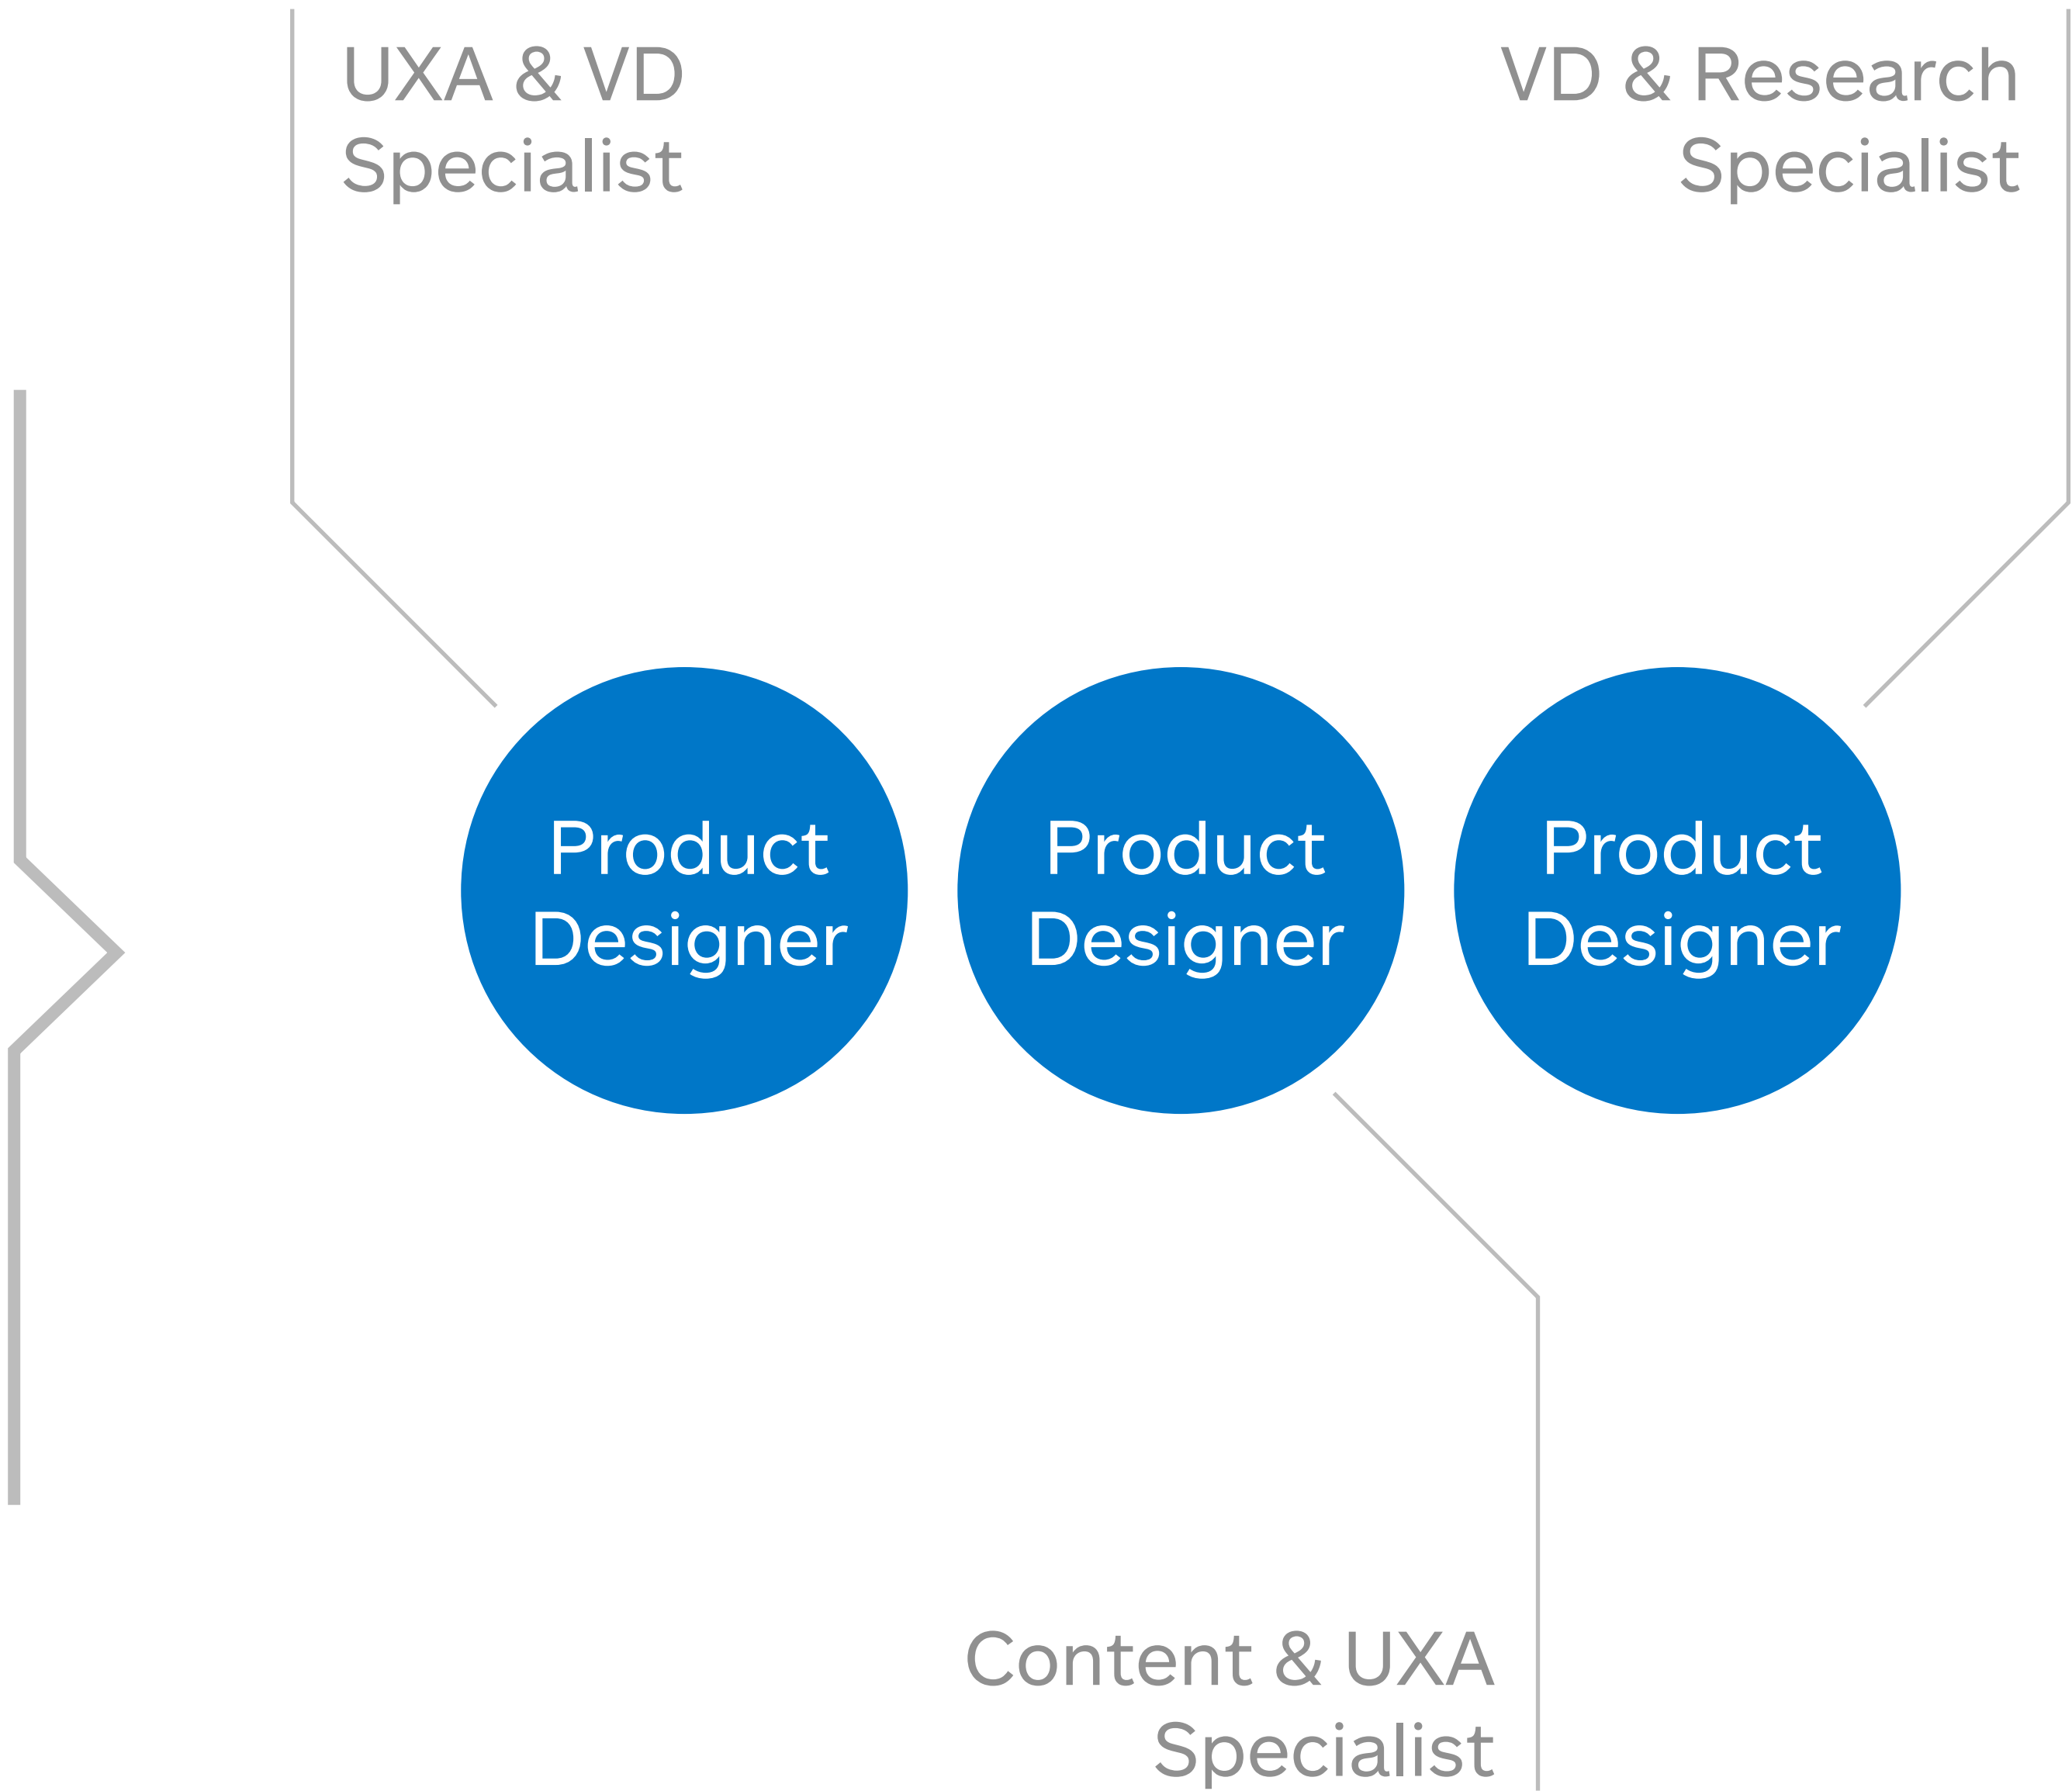

CORE UX TEAM

Multidisciplinary team of User Experience & Design members supporting multiple Product Scrum/XP teams.

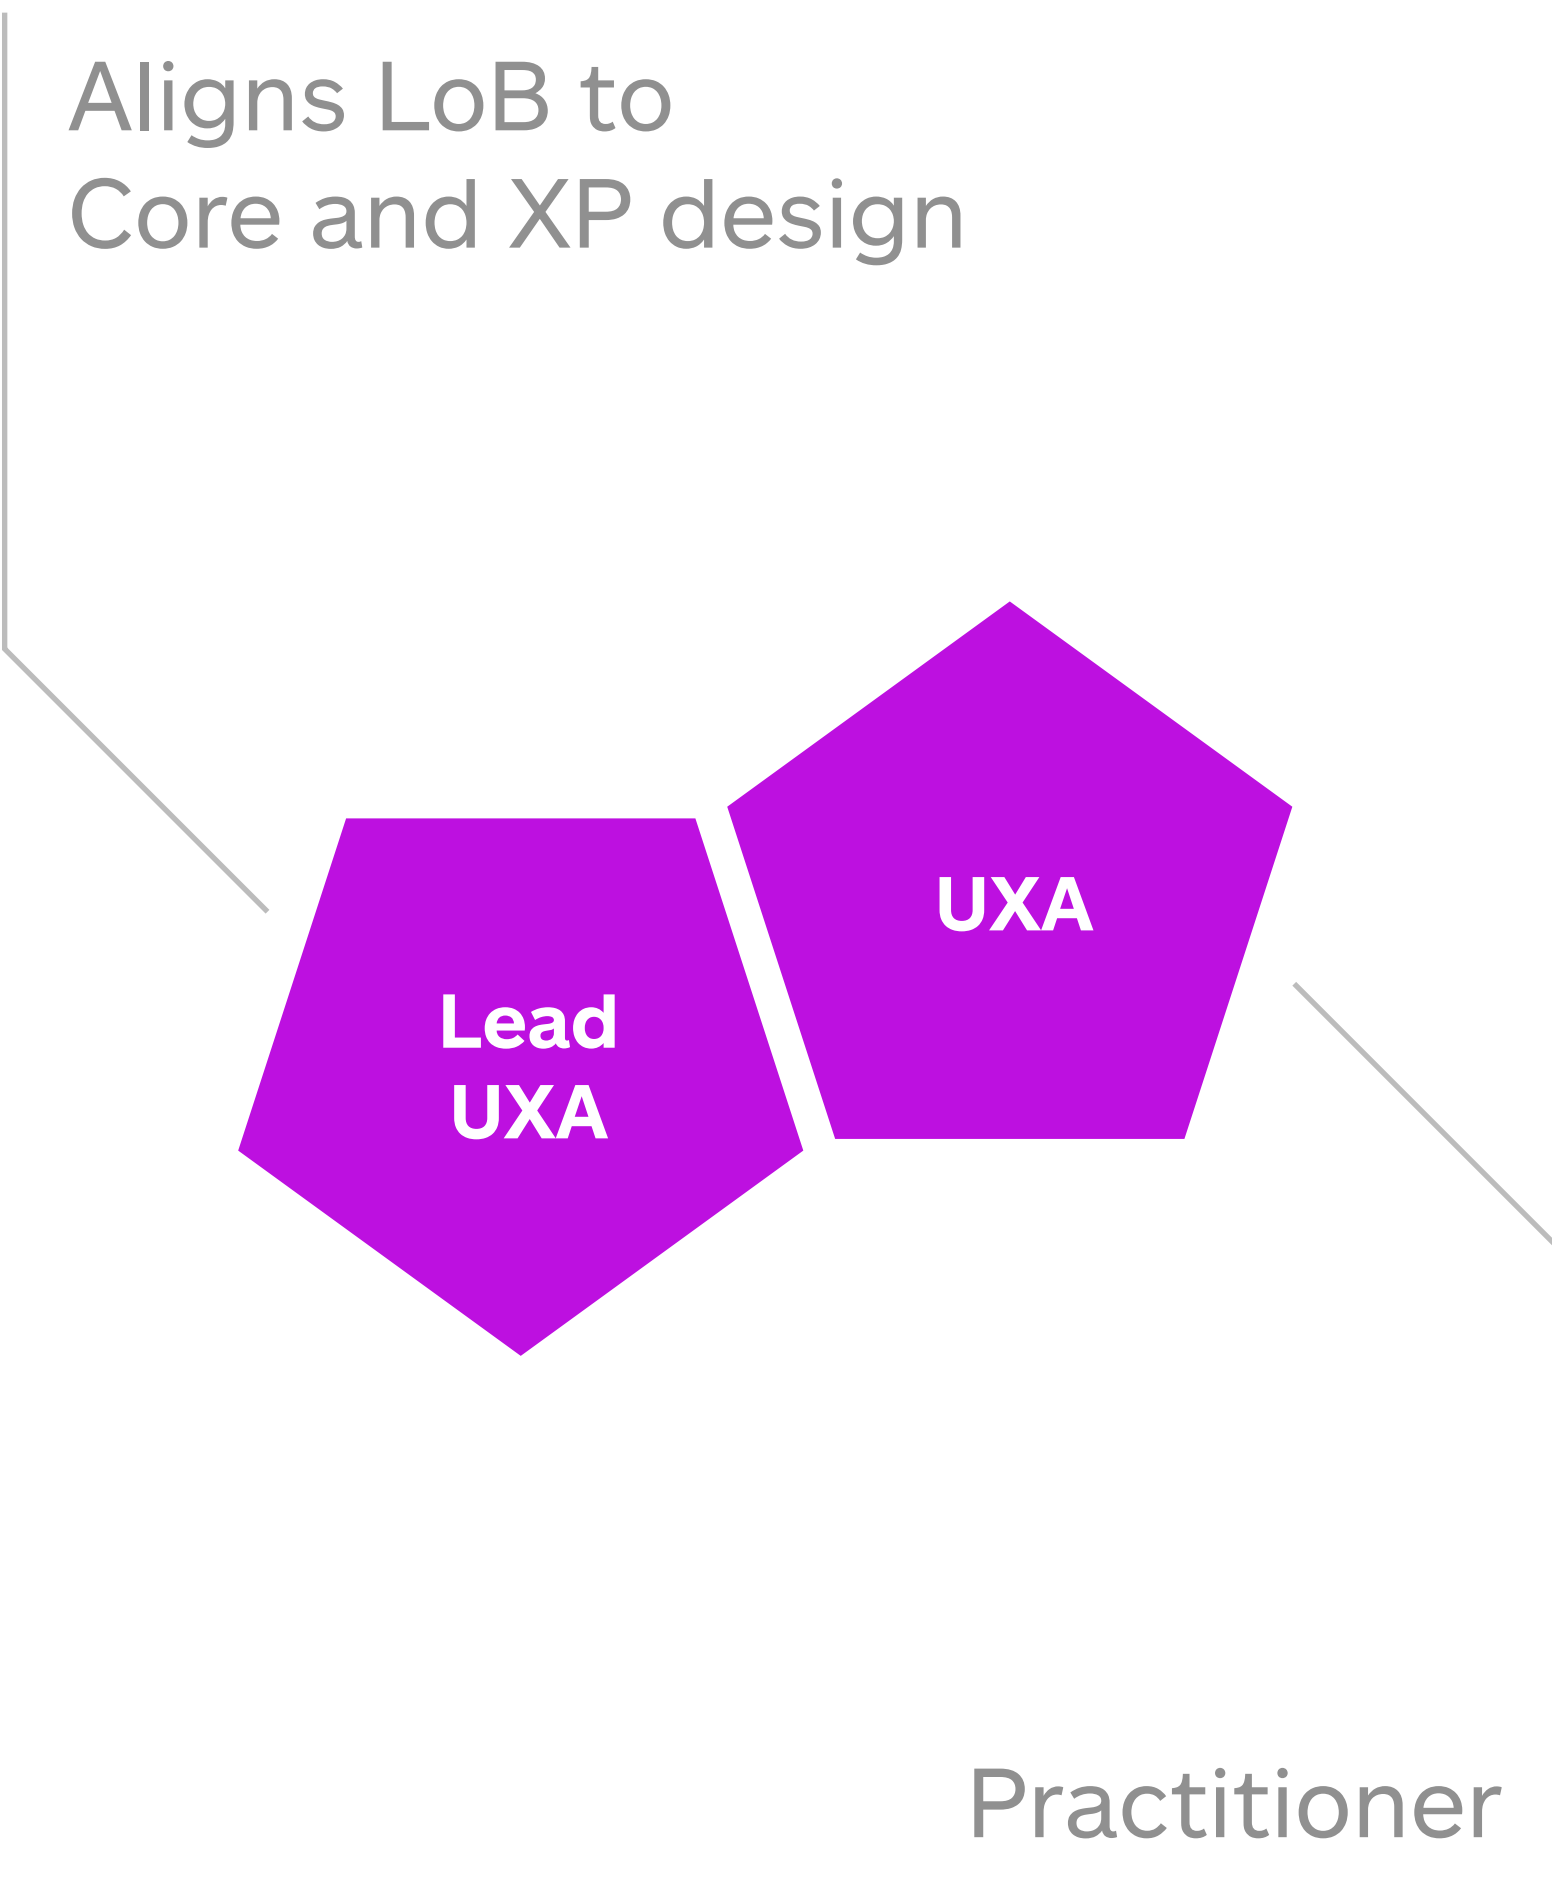

COMPOZED XP DESIGN TEAM

Team of three Product Designers supporting each phase of the User Experience & Design lifecycle.

LoB UX TEAM

An extension of the Core Team made up of a UXA lead and a UXA practitioner for each LoB.

CORE UX TEAM RESPONSIBILITIES ON ABD PROGRAM

Identifying goals and surfacing varying project objectives to align LoB and XP tracks of work. Developing an understanding of user needs and context, and establishing the conceptual models of workflow, behavior, and relationships that lead to informed design.
